

## CVA Level One Weekend Workshop

Are you looking for a solid, affordable and applicable way to super charge your work team? The Texas Veterinary Medical Association is proud to present an outstanding series of workshops that provide a simple, cost effective way to provide the groundwork for your entry-level personnel to become a Level One Certified Veterinary Assistant.

Some clinics in Texas require all newly hired staff members to study for and pass the CVA Level One exam. What a great way to motivate your workers. A motivated workforce is more productive and higher productivity usually means higher profits.

TVMA's Level One Veterinary Assistant Training Program is designed for beginning veterinary assistants with little to no experience working in a practice environment. This program will teach them the essential skills and knowledge needed to become effective contributors to the veterinary medical care team. This workshop is based on the material in the CVA Level One Training Manual and is not a hands-on workshop.

**Purchasing the CVA Program has never been so affordable. TVMA is now offering the following package deals:**

**Package One:** If you have already purchased the CVA Level One Training Program and you are interested in sending an employee to the workshop, your cost is \$200 if paid by May 25, 2009.

**Package Two:** If you are interested in purchasing the CVA Level One Training Program and would like to register an employee for the workshop, your cost is \$250 if paid by May 25, 2009. Each additional employee will cost \$200\* per person. (\* Does not include additional training packet)

**A CVA Level One Workshop will be held on Saturday and Sunday at the TVMA office in Austin from 8 a.m. – 5 p.m. on May 30 & 31, 2009. Talented, experienced professional instructors will teach the following topics:**
